PROFESSIONAL PROFILE

Computer Science graduate with a strong foundation in information technology, software systems, cybersecurity concepts, and problem-solving. Experienced in software development, database management, technical troubleshooting and project implementation. Demonstrates leadership, teamwork, organisational and communication skills through professional experience, community initiatives and university leadership. Adaptable, disciplined and committed to continuous learning and service.

EDUCATION

Bachelor of Science in Computer Science: Catholic University of Eastern Africa (CUEA) | 2022–2026 |
Kenya Certificate of Secondary Education (KCSE): Maranda High School | 2018–2021

TECHNICAL SKILLS

Frontend Development: HTML5, CSS3, JavaScript (ES6+), React.js, Next.js, Tailwind CSS, Responsive Web Design, React Router

Backend Development: Node.js, Express.js, RESTful API Development, API Integration, Authentication and Authorization

Databases & Backend Services: PostgreSQL, Supabase, MySQL, Firebase, Database Design, SQL Queries, Data Management

Development Tools & Version Control: Git, GitHub, Visual Studio Code, Vite, npm, Postman, Debugging and Troubleshooting

Cloud & Deployment: Netlify, Vercel, AWS Fundamentals, Google Cloud Fundamentals, Application Deployment

Programming Languages: JavaScript, Python, Java, C++

Security & Application Architecture: User Authentication, Role-Based Access Control (RBAC), Secure Application Design, Database Security

RELEVANT PROJECT EXPERIENCE

Enkaj Homes – Property Listing Platform

- Developed and refined responsive user interfaces using React, focusing on usability, accessibility and a consistent user experience.
- Integrated Supabase services to support frontend functionality, data retrieval and user authentication, while collaborating on testing and live deployment.

Web Developer – Ademasajida Professionals Association

- Developed and deployed a responsive organisational website using React.js and Tailwind CSS.
- Integrated Supabase for database management, authentication and membership registration.

- Implemented an administrative dashboard, secure access controls and automated email notifications.

EdTech Learning Management Platform (In progress)

- Developing a learning management platform with role-based access control for Admin, Instructor and Student roles.
- Building RESTful APIs using Node.js and integrating PostgreSQL/Firebase for user and course data management.

Real-Time Route Optimization Traffic Monitoring System (In Progress)

- Developing a traffic monitoring system integrating Google Maps API and GPS tracking for dynamic route updates.
- Exploring machine learning techniques for traffic prediction and integrating backend services with database systems.

WORK EXPERIENCE

Frontend Developer Attachee | Konvergenz Network Solutions| June 2025-August 2025

- Assisted in developing and maintaining responsive, user-friendly web interfaces using modern frontend technologies.
- Worked with React.js, JavaScript, HTML, and CSS to implement frontend components and improve user experience.
- Collaborated with developers to troubleshoot issues, debug code, and enhance application functionality.
- Gained practical experience in frontend development, API integration, and software development workflows.
- Applied problem-solving skills to translate design requirements into functional and responsive web solutions.

Wholesale Business Manager | Global Make Traders Limited| May 2024-Sept 2024

- Managed inventory systems, logistics coordination, and customer service operations.
- Implemented a digital record-keeping solution to streamline sales tracking and reporting.
- Supported operational efficiency through structured inventory monitoring.

LEADERSHIP EXPERIENCE

Chairman – Islamic Society of CUEA

- Led organizational planning, event coordination, and member engagement initiatives.
- Coordinated teams during university events and fundraising activities, strengthening communication and collaboration.

CORE COMPETENCIES

Problem-solving and debugging | Technical documentation and record-keeping | Team collaboration | Adaptability and willingness to learn

LANGUAGES

English (Fluent) | Swahili (Fluent) | Somali (Fluent) | Arabic (Basic)
